

T&SC Report for 2019 AGM

By: William Pentney

Introduction of the Technical and Safety Committee.

Bill Pentney

Marie-Eve Daze

John Davies

Lindsey Steuart

Ben Stephenson

Rob McNeill

Chris Murphy (Military Liaison)

CSPA's Technical and Safety Committee is looking for one or two Dropzone Safety Officers who might be interested in joining the committee. These members would be consulted for safety related matters and assist in developing new initiatives for CSPA Members and Registered Participants.

The committee is currently looking at other methods of sealing rigs, such as paper seals. Once a decision has been confirmed, all riggers will receive an update.

Also looking into updating the information CSPA provides on their web site pertaining to Safety Day.

A Rigger B course took place in November 2018 graduating 3 new Rigger Bs

Lindsey Steuart

Brian Mury

Colin Dunlop

This was the last Pilot Course of the new Rigger Training Program.
