OBJECTIVE OF THE PROGRAM

The administrative policy requires that certain minimum initial qualification standards be achieved to receive a Judge's Rating and, in order to ensure that a rated Judge remains active and current, certain minimum annual activity requirements are imposed in order for the rating to remain valid.

Each Judge is required to keep a logbook in which details of all judging activities are entered.

The administrative procedures required for qualification and annual validation are clearly laid out in this Rating Program Manual.

CSPA JUDGE RATING PROGRAM

1. Rating Levels

CSPA will issue Judges' Ratings at four levels:

1. Provincial Judge
2. Provincial Judge with Portfolio (PwP)
3. National Judge
4. FAI Judge

2. Disciplines

A Judge rating may be issued in each of eight disciplines designated in this text with the following symbols:

Accuracy Landing	AL
Style	ST
Formation Skydiving (includes Vertical FS)	FS VFS
Canopy Formation	CF
Artistic	AE
Canopy Piloting	CP
Wingsuit	WS
Speed	SP

3. Definitions

Provincial Rating: The rating acquired after successful completion of a Level 1 Judge's Course in one or more of the disciplines. The successful participant earns a Provincial Judge rating for that discipline.

Level I Judge's Course: a theory and video course including at least four disciplines conducted by a CSPA National or FAI Judge in a classroom setting. The course includes instruction in the mechanics of judging a jump, the underlying principles of judging, and a thorough understanding of the rules and video judging practice and written practical exams.

Provincial Judge's Portfolio: a self-directed course in one or more disciplines facilitated by a CSPA National or FAI Judge which includes written exams, practice competition paperwork and responsibilities of judging personnel. The Portfolio (Appendix IV) is a standalone document and is complete when countersigned by a National or FAI Judge.

National Judge Seminar: a forum which includes the presentation and discussion of changes to the current year's International competition rules and CSPA's competition rules in PIM 4B and video judging (FS, CF, AE, and WS) using those rules, sufficient to satisfy the annual validation requirements. Judges with at least three National or FAI ratings (two of which must be FS, CF, AE, or WS) are invited to attend. Expenses may be reimbursed in accordance with the Judging Committee budget. Judges without the required National or FAI ratings may also attend upon application and approval by the Chair of the Judging Committee and should contact him/her for details as they are responsible for their own out-of-pocket costs.

Provincial/PwP Judge Seminar: a forum which includes the presentation and discussion of the changes to the current year's CSPA's competition rules in PIM4B and video judging (FS, CF, AE, and WS) using those rules. Judges with a Provincial/ PwP rating are invited to attend. Judges with a National or FAI rating may attend if space permits. The Seminar will be conducted by a National or FAI Judge.

Re-Evaluation Test: a test administered by a National or FAI Judge to test the judging skills of a Judge seeking to reinstate a previously downgraded or cancelled rating. Successful participants will be required to:

- a) For an AL and CP rating: receive at least 80% on a written test;
- b) For all other disciplines receive at least 80% on a written test and have a performance of at least 80% on a practical test consisting of at least 30 jumps for the discipline being evaluated.

4. Class of Competition

For purposes of the Rating Program, competitions will be classed as follows:

- Class I - FAI First Category Events that include World Air Games, World and Continental Regional Championships and International Sporting Events.
- Class II - A National Championships.
- Class III - Any other competition.

5. Rating Sequence

All Ratings must be obtained in sequence (i.e. P, PwP, National, FAI).

6. Judge Logbooks

Each Judge is required to maintain a logbook, in which is recorded the judging activity of the Judge concerned, together with details of the class of competition judged as well as details of any judging positions held (Principle, Event, Chief or Chief of Judge Training). Each entry recording competition judging activity must contain at least the following information: date of competition, name of competition, name of CJ, location, function, discipline(s) judged, and the number of jumps/performances actually judged in each discipline.

The results (including written and practical test scores achieved) together with the location, discipline(s) and the number of all jumps/performances judged for all re-evaluations and/or training courses taken must be recorded in the same logbook and must be signed by the Chief of Judge Training.

The required personal data includes, at a minimum: full name, a passport sized photograph, country of residence and NAC.

The Chief Judge at each competition should sign for the authenticity and correctness of the activity recorded in the logbook. The Chief Judge may have his logbook signed by any Principal Judge, the Meet Director or the Organizer.

Note: At the International FAI level, the Sporting Code, Section 5 requires that all entries in a judge's logbook be in English.

19. Complimentary Registered Participant

CSPA shall provide a complimentary CSPA affiliation on an annual basis for any non-jumping current judge. Complimentary affiliation, which requires Board approval, shall be provided to both non-jumping judges and any judge that has now retired from jumping. Complimentary affiliation will be void as soon as that person makes another jump other than the occasional tandem jump.

For the purpose of this paragraph “current” means that at the start of any particular calendar year, the judge holds a valid rating at any of the four levels in Section 1 in at least three of the eight disciplines listed in Section 2 above.

However, no complimentary CSPA affiliation will be provided in 2017 and 2018 to any Qualified Evaluator that takes advantage of the upgrade to a Provincial rating during 2017.

Overview

This Portfolio is an important part of a Provincial Judge rating. Your Portfolio is used to record work on the required tasks at your own pace. When you have completed all the required tasks, please submit your portfolio to CSPA. You will then become a Provincial Judge with Portfolio, which enables you to exercise certain judging functions, as listed in PIM 4E 7.4.

A Portfolio is completed for each discipline for which a rating is desired and then is submitted at the discretion of the Judge. There is no time deadline attached to the completion of the requirements for any particular rating. However, each open book written exam must be completed in the presence of a Canadian National/FAI Judge within a time period that is no longer than 3 hours.

Prerequisites

Have a Provincial Judge Rating.

Certification:

In order to have your rating issued, you must send the Portfolio, completely filled in and signed by the correct individuals, to the CSPA office. Keep a photo copy of the Portfolio for your own personal records.
