

2017 IPC Plenary Meeting

Report to the CSPA Board of Directors

After not attending the 2016 meeting for personal reasons, I attended the 2017 meeting as a CSPA Appointed Observer, which gives the right to speak during the Open Committee meetings. I attended all such meetings.

I continue as a member of the Rules and Regulation Committee, which I chaired for several years before stepping down as Delegate. I participated fully in all Committee work and deliberations during the year and at the Meeting and am now engaged in preparing /reviewing the 2017 edition of the applicable IPC documents.

I continue as a member of the Finance Working Group, which I chaired for several years before stepping down as Finance Secretary. I participated fully in all Working Group work and deliberations during the year and at the Meeting.

During 2016 I helped the Wingsuit Flying Committee with the revision of the Competition Rules and although not a member of the Committee, I was asked to attend the WS Committee Closed meeting and participated fully in the discussions on Rule changes and other aspects of Committee work. I will continue in this role as an "Advisor" for 2017.

I have been appointed Chief Judge for the Wingsuit Flying World Cup to be held in Las Vegas in November 2017.

I wish to note that I attended the Meeting entirely at my own expense and am happy to do so; the reward being the indirect benefit to CSPA Judging and other CSPA affairs of a direct contribution to IPC for the betterment of all.

Buzz Bennett
Chair, CSPA Judging Committee
